DETAILED ACTION

Claims 20-26, 33-42 are currently pending and are present for examination.

Applicants' amendments and arguments filed on 8-17-04 have been fully considered and are deemed to be persuasive to overcome the rejections previously applied. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. Specifically Examiner has withdrawn the rejection under 35 U.S.C. 112, 2nd paragraph in view of claim amendment. The previous rejection of claim 39 under 35 U.S.C. 112, 1st paragraph for new matter issue has also been withdrawn in view of explanations provided by the applicant. On similar lines, in view of the elaborate sequence comparison (specifically the table provided by the applicant under the 'remarks' section) and the persuasive arguments provided by the applicant, the rejection under 35 U.S.C. 112, 1st paragraph that claims containing the "percent sequence identity" language as not enabled has been withdrawn.

Examiner acknowledges the entry of the previous amendment to the specification (11-20-03) filed by the applicant to delete the hyperlinks in the specification.

Applicant's claim for domestic priority under 35 U.S.C. 119(e) is acknowledged.
